Good morning Everyone,

Here's a classic example of an "American" (in the article link above) who does not understand that "there's a difference between knowing the path, and walking the path." This man claims *diplomatic Immunity* that he does not have...because "Americans" **have NO IMMUNITY** (immunities) and are not free. Being "at Liberty" and freedom are 2 entirely different things.

And, if he had ever pledged life, fortune, and honor to acquire the Standing/Immunity that he claimed he had; then the article would have mentioned that he was "released" at these stops. Actually, we know that the last comment is not accurate because if he were to be released at traffic stops (as I am) and not detained and/or arrested; then the article would not have been written.

I don't show these attached documents to everyone; they are *for your eyes only* and not to be distributed. In position of having Standing and Status; I must maintain the International Public Order; so that people don't go do what this man did, without actually having the standing and recognition to do it. And, no one who would have said "standing and recognition"...would do what this man did in the first place; and thereby, violate the International Public Order.

This man does not understand international law (the Supreme Law of the Land)...and therefore he is now going to spend a long time in prison. He has filed claims against the State that HE BELONGS TO (by agreement) and therefore; he has now lost all protection; making him a domestic terrorist according to current case law (i.e. Common law of the U.S.A.)

Please read the attachments. This is "ipsa res loquitur" *...the thing speaks for itself*. If you do not possess documents such as above; you do not have Immunity. Therefore, do not tread where other men tread; and become cannon fodder. This article looks harmless enough. But, most "Ameru-khans" have no clue what happens in these prisons. In the attachments, you will that the document "ambcourt2" contains a Plaintiff by the name of Russell Jay Gould. This was his second arrest and imprisonment. I don't know what they did to him during his 2nd incarceration, but according to the man; Russell himself stated that the Federal Marshals beat him severely for the first 38 days in a row during his first (7 month) incarceration.

Pray for the gentleman in the article. After 11 years of pursuing the Right of Self Determination and acquiring Immunity 5+ years ago...I would feel very safe in placing a wager that this gentleman is being starved randomly, beaten periodically, and being subjected to what is known as "riot control" where they will place someone (suspected to be dangerous to everyone) into solitary confinement and "frozen" (or kept in very cold conditions for days) with very little clothing and at best...one thin blanket.

If you cannot read the JPG photos inserted...please write me back and I will send them as attachments.

**Report of the Delegates  
of the United States of America  
to the  
Sixth International Conference  
of American States**

**Held at Habana, Cuba  
January 16 to February 20, 1928**

**V. Every nation entitled to a right by the law of nations is entitled to have that right respected and protected by all other nations, for right and duty are correlative, and the right of one is the duty of all to observe.**

**VI. International law is at one and the same time both national and international: national in the sense that it is the law of the land and applicable as such to the decision of all questions involving its principles; international in the sense that it is the law of the society of nations and applicable as such to all questions between and among the members of the society of nations involving its principles.**

any of the latter states may in such cases refuse, or subordinate to special conditions the same exercise to the nationals of the former.

**ARTICLE 2**

Foreigners belonging to any of the contracting states shall also enjoy in the territory of the others identical individual guaranties with those of nationals, except as limited in each of them by the constitution and the laws.

Identical individual guaranties do not include, unless especially provided in the domestic legislation, the exercise of public functions, the right of suffrage, and other political rights.

**ARTICLE 7**

Each contracting state shall apply as personal law that of the domicile or that of the nationality or that which its domestic legislation may have prescribed, or may hereafter prescribe.

**ARTICLE 8**

The rights acquired under the rules of this code shall have full extraterritorial force in the contracting states, except when any of their effects or consequences is in conflict with a rule of an international public order.

Read Art. 1 -- This is very important information. Then read the other articles and notice how many times the words "International Public Order" is mentioned. If you have not become *the Private* by declaring to self-govern, and *pledging to support that self-governance*; then you are "public" and will be kept "in order". This is important on later pages, as well. Article 8 is about the Rights that a *State* acquires under the convention, to affect its "codes/laws" extraterritorial when one of *its sheep* gets off or outside the plantation, and they need to jerk the sheep back to the jurisdiction/*State*. This is an agreement whereby they can go onto one another's property/plantation (*State*) to "re-gather" their property or "citizens". Without "particulars" that say otherwise, the sheep is shorn.

Constitutions are International in Nature. They define a nation's character and therefore are written to maintain INTERNATIONAL LAW and the International Public Order.

In the Constitution of "the People of the United States for the United States of America" ...the "national supremacy clause" says it all...

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding. --- Article 6

The United States has signed the Conventions and Treaties shown above; making these precepts the SUPREME LAW OF THE LAND IN THE UNITED STATES OF AMERICA.

**DECLARATION OF THE INTERNATIONAL RIGHTS AND DUTIES OF THE INDIVIDUAL**

**VII. Every individual is entitled to be protected and assisted by the state to which he belongs, in the manner and form established by treaties and by international law. No individual who, according to the law of the state against which he institutes a claim, as a citizen of that state, shall be entitled to such protection.** \*

**VIII. Every individual shall have the right of asylum in legations and to the protection of the diplomatic representatives of any nation, in the cases and by the procedure established by treaties or by international law.**

**IX. Every individual shall be obliged to contribute to the public expenses of the country in which he lives and to serve it in cases of need in the manner provided by the laws.**

**X. No alien may interfere either directly or indirectly in the politics of the country in which he happens to be, nor claim the enjoyment of any rights or any assertion of such rights other than those provided for nationals by the constitution and the laws.** \*

**XI. Aliens shall be obliged to respect the political, social, and economic regime prevailing in the state in which they reside, to observe and obey the laws and other provisions in force therein, and to submit to the jurisdiction and decisions of its government authorities and of its courts of justice.** 0

The bottom half is the "meat" of the message, here. When you "see" or prove duplicity and that you are in an arbitrary system of private monopoly powers, then you have a choice. Stay or leave it behind. This is *reason* to "move out" or "*expatriate*". *When in the course of human events, a long train of abuses...* well are you in or out, staying or leaving?

But, you still use protocols of peaceful settlement.

It is confirmed in Article VII, where it states that the individual protected by the state, loses that protection when he "complains" against the "State". The bigger problem is that the "individual" (complaining) then becomes public enemy #1 of the state. If you complain, you will have become "*stateless*" (i.e. equivalent to alien) with no protection... and to maintain the International Public Order, the "stateless" will be governed by the jurisdiction that the "stateless" are found in. The final articles make it clear that the nationals, citizens, residents, and aliens; have the same rights; ... none. No standing or political rights (i.e. political standing = responsibility among the nations/states.) Aliens and citizens must submit, end of story.

Here is current case law on this issue

**12. OTHER:**

12.1 The Court finds Respondent filed several pages of documents herein on November 1, 2007, such as "Foreign Advisory," "Political Status," "Waiver of Benefits and Privilege," various "schedules," "Verified Affidavits," "Commercial Oaths," "deeds," "bonds," "Due Presentment," etc. Except as specifically provided and set forth herein, no relief is granted regarding all of these filings.

12.2 The Court notes that Respondent's filings and conduct are consistent with those associated with the "sovereign citizen" domestic terrorist movement.

12.3 "The 'sovereign citizen' movement is a loosely organized collection of groups and individuals who have adopted a right-wing anarchist ideology originating in the theories of a group called the Posse Comitatus in the 1970s. Its adherents believe that virtually all existing government in the United States is illegitimate and they seek to "restore" an idealized, minimalist government that never actually existed. To this end, sovereign citizens wage war against the government and other forms of authority using "paper terrorism" harassment and intimidation tactics, and occasionally resorting to violence." The "paper terrorism" typically involves "frivolous lawsuits, frivolous liens, fictitious financial instruments, fictitious automobile related documents, and misuse of genuine documents such as IRS forms; various frauds and scams." Source: Anti Defamation League website, [www.adl.org](http://www.adl.org) , "Extremism In America," "Sovereign Citizen Movement."

Hopefully, reading this will help yourself and others around you from making the same mistakes...as these "alleged Sovereign Citizen Americans". They have no Immunity and they suffer under a delusion....THAT WAS SET-UP FOR THEM (and you and I) TO SUFFER UNDER.
